United States District Court
Eastern District of Wisconsin

Judge Pepper:

Case No. 19-CV-1319

I am requesting attorney Peeger withdrawn
as my appointed counsel and a new
attorney be appointed in his place.

I hesitate to list the reasons behind
my decision however, if that is necessary
I will full those reasons.

During the period of time I am without
counsel I request all my prior filings
be entered into the record if they have
already not been, and that those filings
be considered.

To start, I believe attorney Peeger and me
have a conflict that is not resolvable
and I feel his inattention to my case
to be prejudicial.

Respectfully submitted,

TODD DYER

I recently requested your assistance in obtaining a response from the Clerk of Court relating to a letter sent by attorneys Donovan and Parks to Judge Stadtmueller on January 19, 2017 wherein, Donovan and Parks informed Judge Stadtmueller that they were terminating representation of me 2 months before the 15-CN-115 sentencing hearing. I received that letter back from the 15-CN-115 Court indicating that none of my inquiries will be addressed until I obtain a certificate of appealability from the 7th Circuit Court of Appeals. The letter I sent you requesting your assistance as chief judge does not relate to any decision of the 15-CN-115 case - only why a letter sent to Judge Stadtmueller while Donovan and Parks were still my standby counsel in the 15-CN-115 case indicating they were terminating representation, did not appear in the 15-CN-115 docket and was not shared with me.

Was that letter intercepted by the Government as Judge Stadtmueller?

Did you forward the letter I sent you
